

The worry is that he could have another. I'd like to put him on something that'll prevent a setback.

Eagle... I have tried
to raise you to
respect the Earth and
her people.

And we're going to have to go
without because of your fancy
ambulance ride.

四馬牛雞科銅

I don't want
to hear it.
Fighting is
their game.
And we don't
play their
game.

Is this the little girl
who got in a fight?

ROOM 225

RATE YOUR PAIN

Can you tell
me what
happened?

Cops

你为什么要这样对我
因为我跟你说实话

I'm sorry.
I can't under-
stand what she
is saying.

He said it
was just
horse play.

母 子 同 心 同 德 同 舟 同 濟

He?

Sorry. He's just exhausted.

Shhhhh...

Oh honey, any kind
of kid who'd beat
you up like this
has a father who
beats them.

And a man
who'd hit his
child is capable
of anything.
If he thinks we
are gonna sue
or something...
he'll probably
burn our house
down.

We're going to try this
speech therapist.

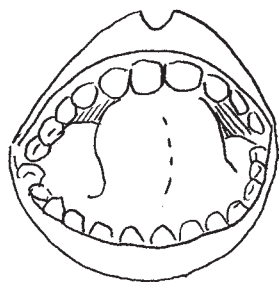

She's
very
expensive...

So you have
to try hard.

IF I hear you aren't
trying, I'll make you join
Roger That's circus.

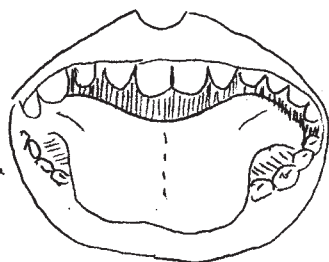

Hi Eagle, it's nice
to meet you. Let's
get to work.

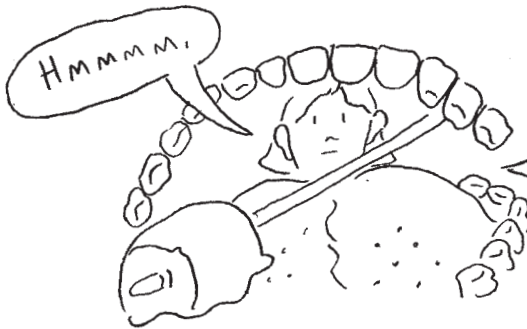

So when I make
an "L" sound, my
tongue goes to the
roof of my mouth.

And when I make
an "R" sound, the
corners of my
back tongue go wide.

I'm going to stick this swab in your mouth to show you where your tongue needs to be.

Hmmmm.

Okay, can you feel the swab?

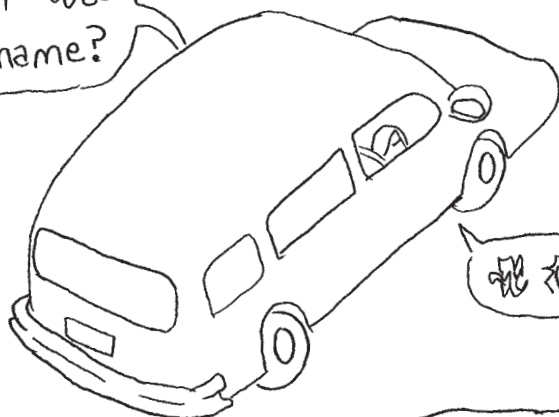

Oh honey, why are you crying?

That's your dad in the waiting room, right? Let me go talk to him.

Your speech therapist
is super hot.

What was
her name?

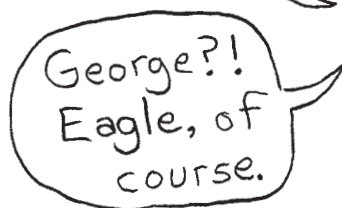

她超漂亮。

Are you going
to be able to
concentrate?

I wouldn't
be able
to! I'd
just stare
at her.

We can get
you a different
speech therapist
if she's too hot.

I think we should try to
take him off that medicine.

He pissed his pants the
last time he had a seizure.
I don't want to clean
that up.

I have all
these books
on healing
that I don't
use.
